

MINUTES OF HAVERHILL SELECTBOARD WORK SESSION

Friday, July 8, 2016

6:00 PM

Draft Subject to Review, Correction and Approval at Following Meeting

Board Members Present: Wayne Fortier, Tom Friel, Mike Bonanno, Darwin Clogston and Chris Luurtsema

Town Manager: Jo Lacaillade

Mountain Lakes Commissioner: Robert Long

The Selectboard met to view a piece of property (Tax Map 405 Lot 032) with regards to property boundaries and timber harvesting. They met at T&C Way and reviewed tax maps and other maps to get a sense of the boundary lines. From the T&C way they walked out a road to take them into the area owned by the Town of Haverhill. They wanted to review what cutting had been done on the land and after viewing this area off from T&C Way they suspended the meeting until they could get to the property from the Tewksbury Road side. When they were all at that location, they walked out one of the paths to the area as far as the power lines are to observe that section of property.

When they all felt they understood the layout of the parcel in question, they ended the work session at approximately 7:30 pm.
