Meeting started at 6:10PM

Discussion on where we are going as a committee.

Areas we are focused on:

- 1 Mentoring Project, - Kevin to reach out to the New Director of the Cohase Chamber of Commerce and invite her to our committee.
- 2 Cell Phones – Ask Jeff Stimson to reach out to Carol Miller, again, to see if she can schedule a follow up meeting with a carrier, AT&T or Verizon.
- 3 Broadband – Doug to create a statement of goals in providing options for Broadband and send to group for review. Doug and Kevin will then schedule a meeting with Town Manager to review and approve so that a public meeting could be scheduled to share what our committee is doing, solicit members, and share a Broadband presentation from New England Wireless.
- 4 Town wide economic plan – comparing data from other town
- 5 Working with schools on Job Fairs
- 6 Town Unification

Other action items

- a. Sandy to reach out to the Dubie's at Aldrich's and ask if they would like to become part of the committee.
- b. Sandy to ask Town Manager about TV display in conference room and how to video conference others into meetings.
- c. Doug to talk to Denny Ruprecht to ask him to recruit two new members

We discussed membership and the transparency of the HEEC group. We discussed Jeff's interesting ideas and determined that there are others that are a current priority and that these should be brought up later.
