

WOODSVILLE FIRE DEPARTMENT

Post Office Box 191
Woodsville, NH 03785
(603) 747-3311

BUILDING PERMIT POLICY

The following items are required prior to approval of any building permit by the Woodsville Fire Department.

Detailed drawings. Architectural drawings may be required at the discretion of the code enforcement personnel. Drawings must include construction type and materials used.

Letter of intent to meet the requirements of the AMERICAN WITH DISABILITIES ACT.

All applications must be submitted 21 days prior to construction, and construction shall not begin without the proper signatures.

The Woodsville Fire Department is not responsible for delays due to inadequate plans or plans not meeting approval.

The Woodsville Fire Department uses the NFPA 101 Life Safety Code, the NH State Fire Code and, other applicable codes. All NFPA documents are available at the Woodsville Emergency Services Building for your review. Please contact Steve Robbins for an Appointment.

All code questions should be directed to Steve Robbins.

Appeals can be made in writing to the State of NH Fire Marshall.

The Woodsville Fire Department reserves the right to involve the State Fire Marshals Office, State Electricians Board or the NFPA engineers with any decisions.
