

North Haverhill Water & Light
Meeting

June 20, 2023

Call to order at 7:07 pm

Approve Agenda – yes

Approve Minutes of May 1th, 2023 Meeting

Signed manifest (Kristi was absent due to personal matter)

Water Superintendents report
(Bob Fagnant)

DES will gig us on sanitary survey on back flow preventers to see which customers have them.

Bob Fagnant is working on this.

Sign paperwork for renewal for two way radio license.

Sign paperwork to bring Todd and Ben Moulton into precinct.

Granite State Water Association is renewed Until Jan.1, 2024.

Old pump for Cold Springs not worth fixing, need to buy a new one.

Bob told us the pump station furnace needs service work, so we approved him to get it done.

Bob said pump station generator needs servicing, so we told Bob to get it done.

We need to get with who is going to monitor faxes on our water system when Bob leaves in Sept. We are talking to Woodsville Water & Light about that.

Next month Chlorine and Ph meter will be calibrated.
Motor came in for old chlorine pump.

We reviewed back flow prevention mode cross connection control program.

Bob's going to get tree in Cold Springs moved.

Bob showed us how J&J (Phil) can sand blast hydrant caps.

We voted to have Phil work with Bob on getting hydrant caps cleaned.

Valve on old reservoir is still not working properly. Bob is going to have Woodsville help figure it out.

Clerk

Boundary paperwork to send to Town from our lawyer that we went over.

Went over water billing.

Linda Carl might have a running toilet, seems like a lot of water usage.

Black Mtn. Acres still has a leak used 54,240 gallons.

Lot of usage on Blaisdell's appts, and Aremburg Appt.
(Billing person doing billing screwed up)

Hard to track when houses are sold.

No other business
Motion to adjourn 8:37 pm
