

PUBLIC SERVICE ANNOUNCEMENT

The Haverhill Police Department is warning all residents of the danger of used syringes. If you see a discarded syringe, please do not touch it. It could be harmful to your health. Instead, please contact the Haverhill Police Department at 787-2222 with the exact location where you saw it.

Parents, it is very important that your children understand this message. Please tell your children to tell a responsible adult if they see a discarded syringe and **DO NOT TOUCH**.
