RE: Dean Memorial Airport
North Haverhill, New Hampshire
Inclusion into the National Plan of Integrated Airport Systems

Dear Chairman Lyons and Ladd:

Congratulations on your acceptance into the National Plan of Integrated Airport Systems (NPIAS)! We're proud to have Dean Memorial Airport in this program.

We want to help Dean Memorial Airport get off to a good start by holding a meeting with your team at our office here in Concord. While you've been briefed in the past about the Airport Block Grant Program (ABGP) and FAA funding requirements, we want to offer you the opportunity to speak with us one-on-one to answer any lingering questions you may have about the program and what to expect going forward. The first big steps for the airport are to refine its Capital Improvement Plan (CIP) and retain an airport consultant. I've copied FAA on this letter to invite them to this meeting as well.

Please contact Carol Niewola (603-271-1675 or cniewola@dot.state.nh.us), Senior Aviation Planner, if you have any questions.

Sincerely,

Jack W. Ferns
Director
Division of Aeronautics, Rail & Transit
